**"POST-TRIP" REPORT:** At the conclusion of each day's work, this employer requires that all non-passenger carrying CMV drivers to file this report regarding the condition of each vehicle they operated during the day with a GVWR or operating weight of more than 17,001 pounds. Passenger-carrying CMV drivers are required by 49 CFR 396.11 to file this report regarding the condition of each vehicle they operated during the day. In all instances, the driver must sign the report. A separate report must be prepared for each vehicle the driver operated found to have a defect or deficiency. Every employer of passenger-carrying CMV drivers, and those employers imposing this requirement on their non-passenger CMV drivers, shall certify on the original DVIR that the defect or deficiency has been repaired or that repair is unnecessary before the vehicle is able to be safely operated again. The employer shall maintain this completed original and the certification of any repairs for three months.

**ANY DEFECTS OR DEFICIENCIES?**     If "No," file this form for the next driver to review.  
 If "Yes," list below:
