The Benefits of PSATS Membership

Townships and PSATS: Growing Stronger Together

Since its creation in May of 1921, PSATS has watched townships — and the role of township officials — grow and change tremendously, and the Association has grown and expanded its services to keep pace.

PSATS’ mission for a century has remained constant: Protecting and promoting township government; educating, informing, and supporting township officials; and striving for legislation that will better enable townships to provide services at an affordable cost.

Today’s township leader faces a full plate of responsibilities, and fortunately, the Pennsylvania State Association of Township Supervisors is here to help you. As your membership organization, PSATS provides a wide array of services to Pennsylvania’s 1,454 townships of the second class (including home rule) — and at an affordable annual dues rate.

From educational classes to communications, legislative advocacy, insurance, information, and more, we help you do your job better and serve your citizens well.

PSATS is celebrating 100 years of service to townships this year, and we hope to be here for many years to come to support local democracy and the township way of life.
