

# PSATS CDL Program Guidance “DVIR Defects Only” Requirements

Both state ([67 Pa. Code Chapter 231.7\(8\)](#)) and federal ([49 CFR 396.11\(a\)](#)) commercial motor vehicle (CMV) regulations now only require that non-passenger carrying CMV drivers make a post-trip driver’s vehicle inspection report (DVIR) when a “defect” has been found on that vehicle.

Employers can use the PSATS CDL Program form “DVIR Defects Only” form for this purpose which can be found online [HERE](#).
