

CHAPTER 8 — WORKBOOK ANSWER KEY

EXERCISE 8-1: Planning Exemption Criteria

- 1) onlot sewage disposal
- 2) carbonate/nitrate
- 3) high-quality
- 4) one
- 5) permittable

EXERCISE 8-2: Exemption Review

- 1) planning
- 2) official plan, replacement
- 3) DEP, delegated local agency

EXERCISE 8-3: Tom Brown Planning Exemption

- 1) Yes.
- 2) Sewage Facilities Planning Module Application Mailer and attached documentation. In the case of the Tom Brown planning exemption request, the DEP mailer is accompanied by a completed PNDI search, completed Site Investigation forms, and a plot plan.
- 3) The local agency SEO must perform or verify the soils testing in the same manner that he or she would do testing for formal planning. The local agency SEO must sign the Site Investigation forms in the bottom right-hand corner and sign Section 8(c)(2) "Request for Planning Exemption" of the mailer. This section of the mailer certifies that each lot in the subdivision has been tested and contains both a primary and replacement area with suitable site testing for a permittable onlot sewage system.
