### **CDC Issues Guidance for Fully Vaccinated People**

The Centers for Disease Control and Prevention has released the first set of public health recommendations for fully vaccinated people. For purposes of the guidance, people are considered fully vaccinated two weeks after their second dose in a two-dose series or two weeks after a single-dose vaccine.

Fully vaccinated people can:

- Visit with other fully vaccinated people indoors without wearing masks or physical distancing.
- Visit with unvaccinated people from a single household who are at low risk for severe COVID-19 indoors without wearing masks or physical distancing.
- Refrain from quarantine and testing following a known exposure if asymptomatic.

For now, fully vaccinated people should continue to take precautions in public, such as wearing a mask and physical distancing, or when visiting unvaccinated people at increased risk for severe COVID-19; avoid medium and large in-person gatherings; follow employer guidance; and get tested if experiencing COVID-19 symptoms. ### **National Get Over It Day**

Each year on the 9th of March, people across the country observe National Get Over It Day. Just as it implies, the day is to do exactly that, **GET OVER IT**.

"It" may be a variety of things. Sometimes we need to get over the small things like spilled milk or traffic. Even news such as being passed over for a promotion, poor grades, or an argument with a family member shouldn't cause us to live our lives in a state of misery forever.
