As a result of the feedback and comments gathered from recipients, Treasury is revising the deadline for the submission of the first Project and Expenditure Report as follows:

For municipalities with populations under 50,000 also known as non-entitlement units of government (NEUs), the Project and Expenditure report will now be **due on April 30, 2022 and will cover the period between award date and March 31, 2022**. This is a change from the previously communicated October 31, 2021 due date for the NEU Project and Expenditure Report.

For PA, counties and municipalities with populations over 50,000, the report will now be due on January 31, 2022 and will cover the period between award date and December 31, 2021. This is a change from the previously communicated October 31, 2021 due date for the Project and Expenditure Report.

Further instructions will be provided at a later date, including updates to existing guidance as well as a user guide to assist recipients to gather and submit the information through Treasury's Portal. Please visit Treasury's website at www.Treasury.gov/SLFRPReporting for the latest information.

The U.S. Treasury Department has notified the Commonwealth and the state Department of Community and Economic Development will be communicating this reporting change officially.
