Tough Choices Ahead for Townships That Try to Live Within Their Budgets

Today the Federal government announced that the inflation rate has hit 8.3%, staying near the 40-year record. This, coupled with the highest gas prices in American history spells trouble for townships embarking on summer road maintenance efforts as well as consumers in general. Consumer confidence continues to rock the stock market further negatively affecting townships' retirement accounts (and the general public as well).

DEP Releases Updated Fact Sheets

The state Department of Environmental Protection recently released updated fact sheets about covered device recycling and the economic benefits of recycling. The fact sheets are available at the links below and through DEP's [eLibrary](#).

- [The Covered Device Recycling Act \(CDRA\)](#)
- [Recycling Works in Pennsylvania: The Economic Benefits](#)

Today in History....

On May 11, 1978, Marine Margaret Ann Brewer was promoted to the rank of brigadier general. She was the first woman to achieve general officer rank.
